## FROM THE EDITOR

Welcome to another edition of OUREAD—a space where ideas take root, stories breathe, and voices from every corner find their place.

Each issue of OUREAD is crafted with a single mission in mind: to reflect the world as it is, while daring to imagine what it could be. In these pages, we honour creativity, curiosity, and community—three things we believe the world needs more of.

This edition is a testament to the power of perspective. Whether you're drawn in by the thoughtful essays, captivated by vivid imagery, or intrigued by stories that speak to something just under the surface—we're glad you're here. Because reading isn't just a pastime. It's an act of connection.

Thank you for joining us on this journey. Read deeply, share widely, and let the words move you.

**With appreciation,**

## 2025 50 YEAR'S ANNIVERSARY

Leeds West Indian Carnival marked its 50th anniversary in 2017 with a spectacular series of milestone events to celebrate the golden milestone.

As well as the costume spectacle of the annual August Bank Holiday Monday parade, the celebrations included Leeds Carnival 50 Heritage, a programme of events supported by a Heritage Lottery Fund (HLF) grant of just under £100,000, to showcase the history, heritage and hidden stories behind Europe's longest running Caribbean carnival parade, and made possible by National Lottery players.

Make sure that you have accompanying visual content that immediately catches the eye. Include photos, illustrations, and other graphics to match. Appeal to your audience, choose the right fonts and images, and you'll have a magazine that people will remember for years to come.

When you've decided on your cover story, come up with a list of topics for your feature articles. This can range from interviews, product reviews, human interest pieces, and even lists. Think about what your audience would be interested in reading about. Remember, the more interesting, the better.

A magazine is a periodical publication, which can either be printed or published electronically. It is issued regularly, usually every week or every month, and it contains a variety of content. This can include articles, stories, photographs, and advertisements.

To create your own, choose a topic that interests you. It can be anything from fashion and beauty to travel and the news. Once you have your overall theme, you can start brainstorming the content. Just starting? Design a memorable masthead with an equally memorable name. This goes on the cover and sets up the branding for your entire magazine. What style are you going for? Is it playful? Classic? Bold? A good masthead captures the essence of your magazine, so it needs to be flexible, meaningful, and consistent enough for future issues.

Next, think of a compelling feature for your cover story. This will be what draws the audience in.

**EVERGREEN GRASS**

A photograph of a dark, paved road winding through a dense, lush green forest. The road has a dashed yellow center line and solid white edge lines. Sunlight filters through the trees, creating a misty or ethereal atmosphere. The text "Live your purpose." is written in a white, cursive font across the middle of the image.

*Live your purpose.*
